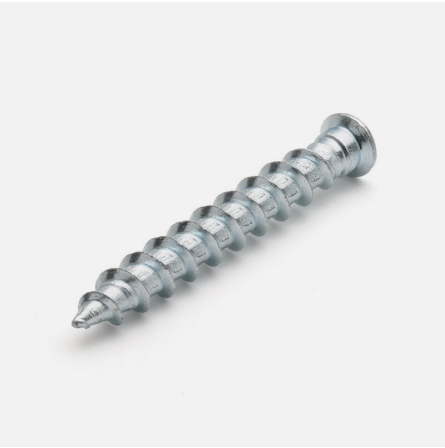
Product datasheet

Drywall screw for drywall boards



Function: Sharp tip and threads adapted for anchoring in wood or drywall to drywall. The threads immediately grip and tighten the screw to the drywall without damaging the cardboard layer. Suitable for installation of second layer of drywall directly onto the first drywall board. Second layer of drywall is adhered prior to assembly.

Track type bit: Philips 2.

Material: Case hardened steel.

Coating: Zinc-plated 5 my, for indoor use.

Installation instructions: A power screwdriver with depth stop, speed of 1,000-2,000 rpm is recommended.
