

Product datasheet

Round washer head screw for steel plate
(low head) max 2 X 0.7 MM

V/S/B[®]
VÄSTSVENSK BYGGSKRUV AB

Function: Round washer head screw with low head and our patented TRUSTGO design. The screw has a straight tip and double thread groove that grip immediately and goes through the steel plate without forming any steel chips. The design of the double thread groove provides a stable assembly with high pull-out value.

Track type bit: Philips 2.

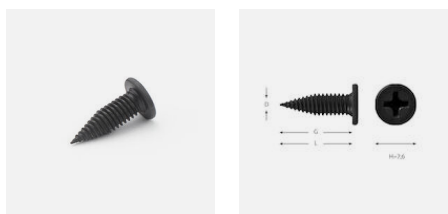

Material: Case hardened steel.

Coating: Phosphated, for indoor use.

Installation instructions: A power screwdriver with a speed of 2,000-3,000 rpm is recommended.
