

Function: Solid nylon plug with good temperature and ageing properties. The façade plug design prevents any rotation when installing and allows for targeted anchoring.

Track type bit: TX 40.

Material: Plug of nylon and screw of steel.

Coating: Zincotech Ag, corrosivity class C4, for outdoor use.

Installation instructions: Drill a hole adapted to suit the size of the façade plug as shown in the table below. Now push the façade plug into the hole until the collar is firmly flush to the fastener. Now screw the screw into the façade plug.
