

Product datasheet

Frame socket screw wood

V/S/B

Function: The screw is intended to be used to secure frame sockets when installing heavier windows and doors in wood.

Track type bit: TX 40.

Material: Case hardened steel.

Coating: Zinc-plated 5 my, for indoor use.

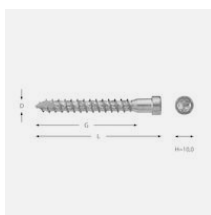

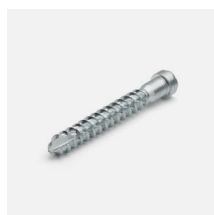

Installation instructions: Once the frame socket is fitted as instructed, the socket is fixed with a frame socket screw for wood stud, after which the frame can be set to the correct position.
