

Product datasheet

Frame socket screw lightweight concrete
(external)

V/S/B

Function: Type-approved screw, No. SC0621-09, to be used to lock the frame sockets in place when installing in lightweight concrete.

Track type bit: TX 40.

Material: Case hardened steel.

Coating: Zincotech Au, corrosivity class C4, for outdoor use.

Installation instructions: Once the frame socket is fitted as instructed, the socket is fixed with a frame socket screw for lightweight concrete, after which the frame can be set to the correct position.
