

Product datasheet

Wood screw TFT (external)

V/S/B
VÄSTSVENSK BYGGSKRUV AB

Function: Jetting screws TFT External is a wood screw with countersunk head. The unique tightening features of the screw have been achieved by providing the screw with a cutting drill tip, deeper thread and head than normal wood screws, as well as with oblique and longitudinal flanks between the threads. This provides the following benefits:

- Less risk of cracks in wood.
- Lower torque when tightening.
- Less screwing time.

Drive type: TX 15, 20, 25, 30 and 40.

Material: Case hardened steel.

Surface treatment: Zincotech Au, corrosivity class C4, for outdoor use.
